PLEASE NOTE:

Orders for personal copies of bound theses will not be accepted by the library after December 11, 2015. All theses will be submitted to ProQuest electronically (free), or the student will purchase one hardbound copy (\$60) from the HF Group's [Thesis On Demand \(http://thesisondemand.com/\)](http://thesisondemand.com/) service to be delivered the library collection.

Submitting a Thesis for Binding Student Instructions

A. Thesis Completion

Upon completion of thesis requirements the student will submit the thesis for electronic preservation to ProQuest Electronic Theses and Dissertations. The library's collection development policy prefers the acquisition of electronic resources over print in order to provide the most equitable access to all of Brenau's academic community, both on and off campus; however students may have some reason to choose to have their theses bound. In some circumstances the department may require hardbound copies of the thesis in addition to the copy provided to the library collection.

1. Students who submit theses to ProQuest, but need hardbound copies may order them via ProQuest's ETD Administrator online (<http://www.etdadmin.com>).
2. Students who do not submit theses to ProQuest must use the HF Group's **Thesis On Demand** service to order hardbound copies. See the instructions below.

B. Bindery submissions

1. Go to **Thesis On Demand** (<http://thesisondemand.com/>).
2. The HF Group will only accept .PDF file submissions. The student must have the electronic file containing the thesis formatted into a .PDF to place an order.
